The First Selectman is the full-time chief executive and administrative officer. He is an ex-officio member of all commissions and boards within the town government. He also is authorized to appoint non-elective officials and personnel, with the approval of the Board of Selectmen, and sees that all laws and ordinances governing the town are faithfully executed.

The Board of Selectmen consists of the First Selectman and two Selectmen. The Board initiates the ordinances and laws of the town. Meetings are held monthly, and are open to the

public. Any citizen can appear before the Board to seek information, propose legislation, or discuss any item of public concern, provided that prior notice is given at the First Selectman's office, and the item is placed on the agenda.
